Internet Links For Your Christian Life

Foreword

[Back to TOC](#)

This small ebook does not purpose to replace theological ebooks.and studying theology. Its only purpose is to provide you with useful internet links for your daily Christian life : becoming a Christian, sharing God's word, tools for your Christian life, being a student in theology in various countries or an online student facing some problems of pastors, etc

Before each link you will find a letter. It refers to the language of the link (E=English, F=French, etc). All of us are at a different level of our christian life and we have to cope with different problems. This pdf has been written in order to try to help everyone....

Before you start reading this pdf you may download [songs](#) in various languages and listen to christian songs. I hope you will enjoy this pdf and it will be useful to you. It is impossible to list all websites. I apologize. This pdf will be updated.

I am aware that this pdf has to be improved. Some information is missing (churches in a lot of countries, biblical holidays centers outside France, etc). All the information you may provide is really welcome. Many thanks.

If you have any remark/comment please send me an email to pgfbillard@gmail.com
You are welcome.

PS : A new short pdf concerning the use of some internet tools by churches is being prepared.
